Coronavirus Guidance

The most important symptoms of coronavirus (COVID-19) are recent onset of any of the following:

- A new continuous cough - this means coughing a lot, for more than an hour.
- A high temperature. 37.8C or higher.

- A loss of, or change in, your normal sense of taste of smell. - this means they cannot smell or taste anything, or things taste/smell different to normal.

For most people, COVID-19 will be a mild illness. **However, if you or your child have any of the symptoms above you must stay at home and arrange to have a test.** You must stay at home until you get the test result and anyone you live with and anyone in your support bubble must also stay at home until you receive the result.

If your child falls ill at school with any of the symptoms above you will be called and expected to collect your child immediately and arrange to seek medical advice. It is vital that we have the most up to date contact details for you. Therefore, please ensure you have completed and returned your child's data collection sheet.

For the schools most up to date advice please see the school website:

We will also be enjoying a special lunch prepared by our wonderful cooks. If your child usually has a packed lunch but would like to enjoy this special lunch, then please pay £2.10 at the school office.

We care for our planet Earth!

Foundation Stage are delighted to take part in Hackney "Earth Cubs for a Recycled Art" competition. We are aiming to create a recycled

art masterpiece using plastic bottle lids.

The prize for winning is 500 trees planted in Madagascar, Mozambique and Nicaragua with monthly updates on the forest.

Therefore, we are asking parents to collect and bring plastic bottle lids of various colours to school next week. Let's start collecting and save our planet.

Laudato si'

Many of you will remember the letter Pope Francis wrote called *Laudato si'* asking all of us in the whole world to take care of our common home.

Pope Francis says that climate change affects us all, but it is the poorest communities who will suffer the most. Our country is hosting two important events this year, the G7 in June, will take place in Cornwall. World leaders will meet to discuss global issues, such as climate change and recovery from the global pandemic. In November, COP26, a meeting of leaders and governments organised by the United Nations, will take place in Glasgow. Important decisions will be made about how countries can help tackle the climate crisis.

Our government is hosting this meeting: they represent us. We have the power to make a difference by speaking up and making sure that our voices are heard.

If you haven't already done so, watch the CAFOD assembly: 'Eyes of the World'. Our school has been taking part in the campaign by making pictures of eyes to show that the eyes of the world are watching, and so are we!

You can write to the government telling them to think about the world's poorest people as they make their decisions!

Party Bags

A reminder to parents that children are unfortunately not allowed to bring party bags to school due to Covid-19 restrictions.

Parents can however bring in a cake to share with the class which should be in a sealed box.

Thank you for your cooperation.

Is your child having difficulties sleeping?

Parents of children between 2-5 years of age are invited to participate in research exploring sleep difficulties with a Trainee Educational Psychologist. Sleep difficulties in children are common and they can have wider impacts on the child and you as parents/carers. Sleep difficulties include late-phase sleep, difficulties falling asleep, interrupted sleep and early waking. Using a counselling approach known as 'Motivational Interviewing', three online sleep consultations will be arranged.

During these sleep consultations, we will discuss your child's sleep behaviours and sleep strategies and techniques that aim to support your child's sleep. The aim of this project is to see if Motivational Interviewing sleep consultations with parents lead to improvements in the child's sleep behaviour and wellbeing.

This is a FREE service and spaces are LIMITED.

Please contact Annie Welland if you are interested and would like any further information:

IMPORTANT: Providing the school with up-to-date details

Can parents please ensure that contact details are kept up to date. It is essential that we have current telephone numbers for at least three adults who we can contact in case of illness, emergency or absence.

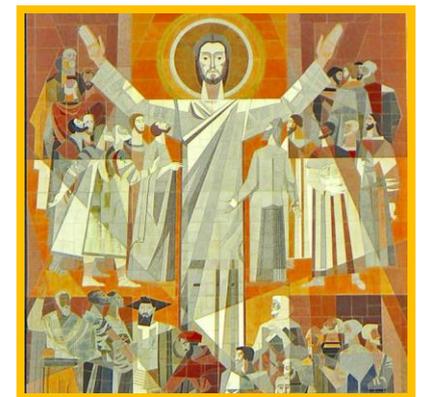

If you have changed your contact details recently please advise the school office immediately.

Seventh Sunday of Easter

Yesterday, we remembered the day when Jesus returned to his heavenly Father after saying goodbye to his apostles. Before leaving them, he prayed to his Father and asked him to always keep them in his care.

Prayer

Lord, I do not feel afraid because you are always with me.

With you beside me there is nothing to fear.

I know that you will protect me from harm and keep me safe from danger.

Amen
